

CHIPPING HAMMERS

INTRODUCTION

APT Chipping Hammers are used for scaling, chiselling, cleaning concrete mixer bowls, light demolition, concrete picking, form stripping, etc.

The 600 Series hammers have a traditional pistol grip handle, whereas the 400 series have a 4-bolt "D" handle. The 4-bolt mounting of this handle makes for ease of maintenance.

FEATURES

APT Chipping Hammers have the following features:

- Flapper valve design allows dirt to pass without stopping the tool
- Deep case-hardened alloy steel cylinders
- Drop forged handles
- Replaceable Chuck Bushing
- Adjustable Exhaust Deflector
- Choice of retainers including the APT latch-type
- Includes oval retainer, locking spring and 3/8"NPT inlet bushing
