QUALITY AIR TOOLS & ACCESSORIES

ALLIANCE AL-1345SS 125MM SAFETY SAW

The ALLIANCE AL-1345SS Safety Saw is fitted with a spring loaded retractable guard which provides the added operator safety needed when using toothed saw blades.

The tool comes in two models – AL-1345SSC fitted with a multi material cutting blade for sheet metal and other sheet materials and AL-1345SSM fitted with an aluminium milling cutter blade.

Specifications for the two models and their recommended blades are given in the table below.

As with all power saws, the necessary Personal Protective Equipment must be worn at all times when using these tools.

Model	Free Speed	Power	Air Consumption	Air Inlet Size	Air Hose Size	Net Weight	Blade Size	No. Teeth	Recommended Blade
AL-1345SSC	10,900rpm	0.7kW 0.95hp	963L/min 16.5cfm	1/4" NPT	10mm ID	2.25kg	125 x 1.7 x 22.23CH	20	Dart MSB1252220
AL-1345SSM	10,900rpm	0.7kW 0.95hp	963L/min 16.5cfm	1/4" NPT	10mm ID	2.25kg	125 x 4.4 x 22.23CH	24	Dart DMB1252224
