

SCALING HAMMERS

SCALING HAMMERS

Trelawny Scaling Hammers are available in single and triple head versions for the removal of rust, coatings and scale from steel structures and surfaces.

Applications include removal of stubborn coatings and mastic residues from steel floors. Also, cleaning of cast iron pipes, steel pipes and bell joints of gas lines, etc.

The main industries that use these scaling hammers are machine refurbishers, gas and other companies involved in the maintenance of steel pipes and marine, ship and offshore plant maintenance.
